

WENO Exchange LLC Price Sheet last updated 01/10/2021

Client	Service	Associated Fees	Comments
EHRs	WENO Switch API	\$800 one-time sign on fee + \$750/every 2 years for the WENO Drug Database. + NewRx transactions: \$0.05 or FREE (insert our Rx cash discount card on NewRxs).	Once paid at wenoexchange.com, we will set up a kick off meeting. NOTE: This API requires a drug database. (To learn more about WENO's drug database go to <a href="https://wenoexchange.com/products-for-sale/">https://wenoexchange.com/products-for-sale/</a> ). This API includes support for & access to the all the tools needed to route NewRx messages from your prescribers to pharmacies. IF you need to route EPCS, your EHR must provide a DEA approved audit. If you do not have this audit, but need EPCS, consider the WENO Online API or the EZ Integration option.
EHRs	WENO Online API – includes the DEA approved audit needed for EPCS.	\$800 one-time sign on fee + \$750/every 2 years for the WENO Drug Database + NewRx transactions: \$0.05 or FREE (insert our Rx cash discount card on NewRxs). + Prescriber user fees can be FREE with ads or \$144/year without ads. FREE users with EPCS pay \$99 for ID proofing.	Once paid at wenoexchange.com, we will set up a kick off meeting. NOTE: This API requires a drug database. ( To learn more about WENO's drug database go to <a href="https://wenoexchange.com/products-for-sale/">https://wenoexchange.com/products-for-sale/</a> ). This API includes support & access to the tools needed to provide your EHR with the ability to route NewRx messages, including EPCS, without having your own DEA approved prescriber system audit. This API will give your EHR the most screen control. You'll present an iframe only when the DEA rules require the prescriber to land on the WENO Online screens. All other functions are done on your side.
EHRs	EHR EZ Integration - includes the DEA approved audit needed for EPCS.	\$950 one-time sign on fee + Prescriber user fees can be FREE with ads or \$144/year without ads. FREE users with EPCS pay \$99 for ID proofing.	Register & pay for an EZ Integration Account at <a href="http://online.wenoexchange.com">online.wenoexchange.com</a> . A drug database is not necessary. This service includes support & access to the developer's tools for EZ integration. It allows you to offer ePrescribing, <b>including EPCS</b> , to your prescribers without having your own DEA approved audit. You'll direct prescribers to WENO Online's iframe screens to compose eRx & access their Rx Logs without manual patient data entries. You will synch all eRx activity to update patient records.
PTVs	NCPDP Standard ePrescribing Routing	Mutually waived onboarding; 10 cents/NewRxs	The parties agree to mutually waive onboarding fees. PTVs can sign up at <a href="http://wenoexchange.com">wenoexchange.com</a> to generate a kick off meeting and get access to the certification dashboard and support. NewRx transactions are 10 cents per fillable eRx message received unless the Parties can agree, in writing, to a different fee structure. WENO will meet a competitor's fees with WENO approved historical evidence.
Others	Secure messaging	FREE	Register at <a href="http://online.wenoexchange.com">online.wenoexchange.com</a> for a <b>Personal Account or a Healthcare Provider account without EPCS functions.</b>
Others	HIPAA Manual (Simplified)	Price as posted on <a href="http://wenoexchange.com">wenoexchange.com</a>	A manual to make your own that comes with forms/samples & orientation with 6 months of email support. NO WARRANTIES.
