Modification of the Agreement

We may modify this Agreement, including the Services, so long as such modifications; (i) do not impose new material obligations on you, unless such amendments are intended to address patient safety issues or a reasonably sufficient time, in light of the modification, is provided to you to come into compliance with the modifications; and (ii) such modifications are applied with respect to all other similarly situated entities or individuals using the Services. Nothing herein shall prohibit WENO from offering new services or providing new versions of an existing service while sun setting an older version of a service as long as at least 180 days advanced notice is provided of such. Required Dashboard Account Registration

To use the Services, you must provide WENO with information to create your account. Your account will include a certification dashboard to manage testing, and a live dashboard to manage your live production environment. You can provide WENO with account registration information by either:

- 1) signing up for the appropriate WENO Integration on our website wenoexchange.com or
- 2) by requesting the account registration form from WENO.

Your account requires at least one primary account user with authority to manage the account (“administrative user”). You must ensure that all information you provide in connection with your account is accurate and up to date as long as you use the Services.

Allow Communication

You authorize us, directly or through third parties, to make any inquiries we consider appropriate to verify the information you provide in your account. You consent to us sending you communications relating to the Services, and this takes precedence over any direction you may give through any of our Sites or Services.

Required Testing

To use the Services in a live production environment, you must first pass the required parts of the test plan that corresponds with the type of integration you select. Your certification dashboard provides you with technical step by

step documentation, useful resources, and testing tools necessary for your computer application to ePrescribe as a trading partner on WENO's ePrescribing network.

Managing Your Account for WENO Directories

There are three types of Trading Partners using the Services. Each must maintain accurate account information to allow for the most accurate message routing between trading partners.

- 1) Pharmacy Technology Vendor(s) ("PTV") are trading partners that provide their downstream pharmacies ePrescribing services on their pharmacy computer application. PTVs must provide and maintain required information on their downstream pharmacy participants. This information is used to populate the WENO Pharmacy Directory for patient pharmacy selection.
- 2) Electronic Health Record(s) ("EHR") are trading partners that provide their downstream prescribers ePrescribing services on their computer application. EHRs must provide and maintain accurate information on their downstream prescriber participants. This information is used to populate the WENO Prescriber Directory and used by PTVs that want to send ePrescribing messages to prescribers. The PTV will not need to manage the WENO Prescriber Directory if the PTV is only receiving NewRx's from WENO prescribers.
- 3) Payers and Pharmacy Benefit Managers ("PBM") are trading partners that are required to provide and maintain accurate information to WENO representing the covered lives they represent. Covered lives information is for WENO's internal routing use only.

Your Account will have access to WENO Directories on a need-to-know basis only. You agree that any information that comes to reside on the WENO Directory is confidential and the property of WENO. This section will survive the Termination of the Agreement.

API Limitations

In our sole discretion, WENO may set and enforces limits on your use of certain application program interfaces ("APIs"), such as limiting the number of requests for a resource. API limitations, if applicable to an API, will be expressed in the API's Guide. You agree to, and will not attempt to circumvent, such limitations without obtaining WENO's express consent. WENO may decline such request or condition acceptance on additional terms or charges for that use.

Privacy Notice

Please read the latest version of Privacy Notice posted on the Site where your Account is registered. The Privacy Notice may be changed by us in the future. WENO will notify you according to the Notices section of this agreement if WENO makes changes to the Privacy Notice.

Your Account Security

WENO will assign you initial credentials (i.e. passwords, keys, and user IDs). You may not mask or misrepresent your identity, or your API Client's identity, when using the Services. You will keep your credentials confidential and not allow other parties to use your credentials. You are solely responsible for all activities that occur on your Account, whether the activity was authorized or not, so safeguard passwords and appropriate API Client credentials.

Dashboard User Security

Each registered user on your account dashboard is solely responsible for;

- 1) safeguarding and maintaining the confidentiality and security of their login password;
- 2) their own activities or posted content while using the Services, including the consequences of such, and their own reliance on any content submitted by other registered users of the Services; and
- 3) all activities that occur while they are logged into their Account whether the activity was authorized or not.

No registered dashboard user may disclose their password to a pass-through service employee or agent, or any third party (other than third parties authorized by them to use their Account).

Applicable Law and International Users

WENO is controlled, operated, and administered from its offices within the United States of America. If you access the Services from a location outside of the United States, you are responsible for the compliance with all applicable local and international laws for that location, as well as with the Applicable Laws of the United States. You also agree that you, including your Account's registered users, will not use any of the Services or any other content accessed through the Services in any country or in any manner prohibited by Applicable Laws, restrictions, or regulations of the United States.

Support for Your Downstream Application Users

You shall provide customer support and training to your downstream application users to the extent relevant to the Services and the Agreement. You agree to provide regular notifications of updates, changes, and deletions to the WENO Services affecting such users. You agree to immediately suspend or terminate any user that is knowingly violating an Applicable Law or the Agreement. You will not allow the user access to your application until the matter is resolved to our full satisfaction, which will not be unreasonably withheld.

Others' Content

WENO is not responsible for others' content. We cannot always prevent the misuses of our Services, and we are not responsible for any such misuse. WENO does not endorse and WENO does not review or have any control over a registered user's content submitted or activities they are engaged in when they are using the Services. In cases where a user feels threatened or believes someone else is in danger, they should contact their local law enforcement agency.
